THE DEATH LIST GROWS

Disaster on Western Maryland Road Claims Twenty Three Victims.

Orders Were Disregarded and Two Heavy Trains Come Together Head-on.

Baltimore, June 19.—The death roll of Saturday night's disaster on the Western Maryland railroad now foots up twenty-three, and this number is likely to be increased from among the list of those grievously mangled. All the dead were employees of the railway returning to their homes in small towns along the railroad to spend Sunday. With the exception of the train crews they had been at work repairing the damage done to the roadbed three days ago by a minor freight wreck at Mount Hope station near this city. The train carried a large number of passengers, all the coaches being filled. As many of the workmen as could do so went into the baggage car, the remainder of the gang of thirty-five finding places on the platforms between the mail and baggage cars and between the latter and the tender. In the neighborhood of Patapsco station, about eight miles from Westminster, the Western Maryland has many curves, and that just west of the bridge crossing the Patapsco river is a sharp one. An extra freight, made up of heavy coal and provision cars, was running east. It should have taken a siding to allow No. 5 to pass. Such were the orders. Why they were disregarded will never be known, for those who should have seen that they were obeyed are dead. The passenger train was running at a speed of thirty miles an hour and the freight, a double-header, was making good time. Just west of the bridge they came together with terrific force, the three engines being piled one upon another. The fearful impact drove the passenger tender into the baggage car and demolished it and the mail car. In an instant the scene resembled a shambles. Along the track on both sides were scattered dead and frightfully mangled men, while most of those who had been in the baggage car and on the engines were pinned in the wreckage out of the immediate reach of helping hands. The damage to the other cars of the passenger train was confined almost entirely to broken windows and doors, and the injuries to their occupants to bruises from the shaking up and minor cuts from flying glass.

DISCUSSED THE NEW REFORM LAW

Township Trustees Discuss Several New Laws—Little Done at Meeting.

All the township trustees except Mr. Crosby, who was unable to be present, attended the adjourned meeting of the County Board of Education at the office of the county superintendent Saturday afternoon. The board discussed the transfer question and agreed among themselves to pay for one full term of the school to which the scholar is transferred if he or she remains in the district. The new law requiring trustees to purchase supplies at Jeffersonville reformatory was also discussed as was the road tax law and the road tax book.

The following motion was made and seconded but final action upon it was postponed until the next meeting, July 3. "We, as trustees, believe that it is the duty of the county auditor to make out the road tax book, giving full description of the lands, without compensation.

Some auditors in the past have secured pay for this work. Some years ago some of the trustees "kicked" and the money which the auditor required was never collected.

NEVER BORROW IT

Subscribe and Get the News Without Trouble to Yourself.

A man who was too economical to subscribe for his home paper, sent his little boy to borrow the copy taken by his neighbor, says the Kansas City Journal. In his haste the boy ran over a \$4 stand of bees, and in ten minutes looked like a warty summer squash. His cries reached his father, who ran to his assistance, and failing to notice the barbed wire fence ran into it, beaking it down, cutting a handful of flesh from his anatomy, and ruining a \$5 pair of pants. The old cow took advantage of the gap in the fence and got into a cornfield and killed herself eating green corn. Hearing the racket, the wife ran, upset a four gallon churn of rich cream into a basket of kittens, drowning the whole bunch. In her hurry she dropped a \$25 set of false teeth. The baby left alone, crawled through the spilled cream and into the parlor, ruining a \$20 carpet. During the excitement the oldest daughter ran away with the hired man, the dog broke up eleven setting hens, and the calves chewed the tails off four fine shirts.

TAKES AN APPEAL TO CIRCUIT COURT

The Big Four Wants Judgement Reversed in Damage Case.

An appeal from the court of Squire L. S. Terree, of Anderson township, in the case of Jerry Morgan vs. the C. C. C. & St. L. Railway company for \$130 damages, was filed today in the circuit court. The case grew out of the killing of a bay horse owned by Morgan which had wandered onto the Big Four tracks on July 4th last. Morgan claims that the railway company should have kept its fences in proper condition so that the horse could not have wandered onto the track. The case was to have been tried May 24th last in Squire Terree's court, but the defendant defaulted and judgment was rendered favoring the plaintiff. The railway company, through its attorney, took the appeal to the circuit court.

Connorsville Examiner, Saturday: Yesterday Harry Boyd was twenty-one years old and in honor of the anniversary event his mother, Mrs. A. H. Boyd, delightfully entertained a company of his young friends last evening at her home on Virginia avenue. There were just twenty-one couples comprising the merry gathering and a happy celebration was participated in by them to mark the natal anniversary.

A joyful time was had at the country home of C. B. Kenner, in Noble township on Friday evening, when his daughter, Miss Olive Grace, assisted by Miss Mabel Myers, entertained the Christian Endeavorers of the Little Flatrock church in honor of the former's birthday. Music was furnished by Mrs. Blanche Wilson and Miss Dessie Stevens, which was greatly appreciated by those present. Recitations by Misses Nellie and Dicie Trobaugh created a hearty laugh, after which refreshments were served to about 50 guests and members.

CORN LATE IN INDIANA

Indiana Crop Report Gives Much Valuable Information.

The Conditions Continue Promising in Most Localities—Other Crops of the State.

The Indiana weather bureau in its weekly crop report, says: In some counties, mainly in the north section, where the rain fall was the heaviest, and where the local showers were also copious, planting and replanting corn were interrupted, and the much needed cultivation of corn already up and garden and fields onions was further delayed. Generally, however, the seeding of corn is now finished and the work of cultivating and cleaning the weeds and grass from that which is large enough is well advanced. In fact, crop correspondents' reports indicate that a large acreage of corn has been worked and that much of the early planted has been gone over twice, and that, as a whole, the crop, although a little late and growing slow is in good condition.

With the exception of indications of slight damage by flies in a few fields and of rust in a few others, and excepting also, the slight damage to the crop by storms, wheat continues promising. Most of it is fully headed out and in the south section harvest will begin within the next few days. Rye is also ripening and the crop is good.

Oats and clover have made rank growth and promise good crops. Oats are beginning to head and clover in the south section, is ready to cut. Timothy is heading and looks fairly promising, but is weedy.

Potatoes, gardens, field onions and cucumbers are doing well, except that in many localities they are being overrun by weeds and grass.

Transplanting of tomatoes and tobacco plants is mostly done and the plants are generally vigorous, but in some localities, notably Delaware and Montgomery counties, it is reported that cut worms and potato bugs have ruined whole fields of tomatoes.

Fruit trees in many places are suffering from "twig blight" and "curled leaf" and fruit, especially apples and plums, in all sections is falling to a greater extent, it is believed, than is due to the usual "June shedding."

The strawberry and early cherry crops have mostly been gathered. The strawberry crop was good and the cherry crop light.

DEATH OF AN OLD SINGER

Mrs. Cynthia Morrison, Member of the Missouri Harmony Singing Class.

Mrs. Cynthia Morrison, eighty years old, is dead at her home in Greenfield. She was one of the original members of the old Missouri Harmony singing class that has held annual concerts at Morristown for more than thirty years. She was a member of the class in 1837. But five remain of the old class, two of whom are sisters of Mrs. Morrison, Mrs. W. W. Woodyard, of Morristown, age eighty-six, and Mrs. Thomas Cotton, of Manilla, this county, age seventy-eight. She was the daughter of the late Jonathan Johnson, who entered and kept until his death the section of land immediately adjoining Morristown on the North. She had been a member of the Methodist church seventy years.

IS WILL BE STOPPED

Police Must Not Send Out Descriptions of Criminals on Postal Cards.

Police departments will be unable to send out any more postal cards describing criminals. A United States court judge has held that such cards are a violation of the postal regulations and that the police will hereafter be compelled to send descriptions in some other form.

The ruling of the court will be a severe blow to the police all over the country who have been in the habit of sending descriptions of criminals on postal cards from time immemorial. However, it is believed to be the best for all parties concerned, and it is doubtful if it will injure the efficiency of the police service by being less public in their work.

THE DIAPASONS MEET ON SUNDAY

Good Attendance at Singing—Meeting Was Interesting and Instructive.

The annual meeting of the Diapason Singing Society which was held at the Main Street Christian church Sunday afternoon was attended by about two hundred people. John A. Spurrier was in charge of the meeting. Mr. Spurrier gave a beautiful number, singing one part and playing the other on his violin as he did thirty years ago when he taught a Diapason class.

The old singers present sang several of the old Diapason songs, and then Hon. David McKee, of Connorsville, president of the society, appointed a committee consisting of O. C. Norris, L. B. Downey and W. L. King to nominate the officers for the ensuing year. A short recess was then held.

Following the recess the committee reported that T. J. Humes had been nominated for president, J. O. Williams, of New Salem, vice president, J. L. Williamson for secretary-treasurer and John A. Spurrier for recorder. The men were declared elected.

Several more of the old Diapason songs were sung and a collection was taken up. Miss Grace McKee, of Connorsville, gave a beautiful violin solo, accompanied by Mrs. T. H. McConnell on the piano, and Mr. Carl Morris sang a solo accompanied by Prof. J. Riley Small on the pipe organ. Prof. Small presided at the organ during the entire meeting.

W. M. Alexander invited the society to meet with the old settlers at the next meeting and it is understood that the invitation was accepted. The meeting which was called to order at 2 o'clock adjourned at 4:30.

Several members of the society were present from Fayette, Shelby, Henry and Marion counties, and many were the greetings as old friends met old friends. The afternoon was greatly enjoyed by everyone present.

OVERCOME BY INTENSE HEAT

Engineer Talbert Suffers a Stroke at Innis and Pearce's Factory.

Henry Talbert, employed as engineer at Innis, Pearce & Company's furniture factory, became overheated today just before the noon hour and fell to the floor. Fellow-workmen cared for him until the arrival of Dr. W. H. Smith, who was called. In half an hour Talbert was greatly revived and he is much better this evening.

This is the first time to our knowledge, that a person has become overheated this season in this city.

STRONG FIGHT WILL BE MADE

New Private Banking Law in Indiana is Not Popular.

Private Bankers of the State Organize to Carry a Test Case to Supreme Court.

Indianapolis, June 19.—More than 200 private bankers of the state of Indiana are forming an organization with a bankers' exchange located here and a \$300,000 fund deposited in Indianapolis, and this formidable organization will carry to the supreme court of the United States its fight against the recently enacted law which requires private banks to report periodically to the auditor of state on the state of their business.

This means, it is believed, that more than half the members of the Indiana State Bankers' association will withdraw in a body from that society and establish a compact of their own. Articles of incorporation for the new organization are now being drawn. A meeting of prominent bankers from various parts of the state was held here and it was decided that S. M. Richcreek of the firm of Richcreek & Richcreek, the only private bank in Indianapolis, shall make a test of the new private bank law.

July 1 Mr. Richcreek will refuse to file a statement of this bank's condition, and by this means will bring the question to an immediate issue.

There are some 275 bankers in Indiana that have not complied with the new law, formed new national bank organizations or become state state banks. These, or most of them, will, it is said, will go into the new private bankers' organization, which is to be formed permanently by July 1.

CUBA IN MOURNING

The Death of General Gomez Causes Profound Sorrow on Island.

Havana, June 19.—The flags of every nation represented in Havana are at half-mast over the legations and consulates in honor of General Maximo Gomez, who died Saturday night, and from Cabanas fortress a gun booms every half hour. In every street there are long rows of Cuban flags draped in mourning, and even the poorest tenements have crepe in the windows. The Spanish club joined in the mourning by hoisting the Castilian flag at half-mast. The body of General Gomez was taken to the palace, where it now lies in state in the principal salon, surrounded by great masses of flowers sent by relatives, friends, comrades, the governmental departments and social and political organizations. The body is guarded by a detachment of rural guards and several of the general's friends are acting as guard of honor. Congress at a special session early Sunday morning decided that the period of mourning shall continue for three days, during which time public business will be suspended. Both houses appropriated \$15,000 for the funeral, which will take place Tuesday.

EIGHT CASES WERE APPEALED

Much Change of Venue Business Tried Here Will go to the Appellate Court.

Eight cases, part of which were cases brought here upon change of venue, have been appealed from the circuit court here to the Appellate court. County Clerk Posey and his deputy, Will McColgin, have been kept busy since court adjourned preparing the transcripts for these cases, some of which are very lengthy.

The cases appealed are those of Kendall vs. Kendall, Fearnought vs. the Indianapolis Street Railway Company, Ferguson vs. Boyd, Smith and company, Rodebaugh vs. J. G. Griffith, Thomas B. Derry vs. the Indianapolis and Eastern Traction company, Warrum vs. the P. C. C. & St. L. and Inlow vs. the P. C. C. & St. L. R. R.

The last three cases have not yet been formally appealed, but the county clerk has been notified to go to work on the transcripts.

Of these eight cases, the Fearnought, Ferguson, Connorsville bank, Derry and Warrum cases were tried here on change of venue. Deputy Clerk McColgin says that the number of cases appealed from Rush county this year is larger than the total number appealed in the past five years. All of these cases, with the exception of one or two were jury cases. From the present indications it seems as though the Appellate court is getting its share of business from Rush county.

TWO MORE GAMES WON

Rushville Downs Columbus on Saturday and Sunday.

In Sunday's Game Connaughton Only Allows Two Hits.—Taylor's Work.

The Rushville team on Saturday and Sunday added two more victories to its string by defeating Columbus on her home grounds and then repeating the dose in this city. Taylor went to the box in Saturday's game at Columbus and had his opponents completely at his mercy. Even Braden, the hard hitting Greensburg could not find him for a hit. McClellan did the back stopping for Taylor and no professional could have caught a better game than that caught by him.

The game was fast and the Columbus team was always dangerous. Columbus was strengthened by Dugan, pitcher, of Vincennes K. I. T. League; Braden, of Greensburg; Pierce of the Indianapolis Reserves; and other star players. Following is the score:

	1	2	3	4	5	6	7	8	9	R	H	E	
Columbus	0	0	0	0	0	1	0	1	0	—	1	6	1
Rushville	1	0	0	2	0	0	0	2	—	5	7	0	

Batteries, Rushville, Taylor and McClellan; Columbus, Dugan and Royer; time, 1:36; attendance, 600; umpire Shilow.

Sunday, the Columbus team came to this city on a special train over the Pennsylvania accompanied by about 300 rooters. Connaughton, whose work with the local team, is making him a reputation, was sent to the firing line and had the Columbusites under his thumb for the entire game. He held the visitors to two hits, one of which was decidedly scratch. The game was fast and the result was always in doubt. Morgan was unfortunate in a throw to second base when a man was on third and let in the run that tied the score.

Score:	1	2	3	4	5	6	7	8	9	R	H	E	
Rushville	0	0	0	1	1	0	0	1	0	—	3	5	0
Columbus	0	0	0	1	0	0	0	1	0	—	2	2	1

Batteries, Rushville, Connaughton and Morgan; Columbus, Tomlin and Roger; time, 1:40; umpire, Pitman; attendance, 700.

AT GREENSBURG

Nearly two hundred base ball enthusiasts from this city journeyed down to Greensburg Sunday and saw the Connorsville team and its idol, Jot Goar, go down before the Greensburg Reds, in a game full of sensational plays and close decisions. For seven innings hardly more perfect ball could have been played. Goar was a trifle wild but for a time held the Greensburgers at a safe distance, but they soon found him and then he got his bumps good and hard. There was considerable rag chewing on the part of Connorsville and some of the players wore that smile after the game plainly showing that they thought they had been robbed. The Connorsville team felt very sore over the result. In the eighth inning Feye's arm gave out and he was succeeded by Ittig, who was batted hard. Feye pitched masterly ball and had he remained in the box, Connorsville would not have had a look in. Greensburg plays at Connorsville next Sunday, and the latter team has certified that it will win. Rushville's first game with Connorsville is on July 23d in that city. Four hundred and ninety-five tickets were sold at Connorsville for the special train.

Score:	1	2	3	4	5	6	7	8	9	R	H	E
Greensburg	0	0	0	0	0	3	0	1	—	4	5	2
Connorsville	0	0	0	0	0	0	3	0	—	3	4	3

Batteries, Feye, Ittig and Hunche, Soar and Bosler; struck out by Goar 5; Feye 1; hit by pitched ball, Ittig, Hunche, Reggy; double plays, Reds 2, Grays 1; stolen bases Reggy, Hunche; passed balls Hunche 2, Bosler 1; left on bases Reds 6, Grays 2; time 2 hours; attendance 2400; umpire Devanney.

DIPLOMACY PREVAILS

France-German Squabble Terminates Peaceably.

Paris, June 19.—The improvement in the Franco-German situation has taken a more definite turn as the semi-official version of Saturday's conference between Premier Rouvier and Prince Radolin, the German ambassador, has become known. This version shows that the ambassador asked France to accept in principle the plan of an international conference, leaving the details to be adjusted later. Premier Rouvier answered that he desired at first to be advised upon Germany's object in securing the conference and the questions it would be called upon to consider.

As the result of instructions from Berlin, Prince Von Radolin was able to respond to these inquiries and to give definite information regarding the German government's ideas upon the scope and limitations of the conference. More particularly was he able to relieve the conference plan from any appearance of being a menace to France or of being a preliminary step to override French prestige in Morocco.

With these explanations pour parlers will continue with a good prospect of resulting in a definite agreement. There is, however, a necessity for further exchanges between the governments with the view of fully defining the extent of the conference.

Premier Rouvier also conferred at considerable length with Paul Cambon, French ambassador to Great Britain, following the latter's conversations with Lord Lansdowne, the British foreign minister. These conversations showed that the British declaration to participate in the conference has been entirely free from the belligerent tone ascribed to it. Moreover, Great Britain is resolved to adhere to Article 9 of the declaration of April 8, which says: "The two governments agree to lend each other diplomatic support for the execution of the clauses of this declaration."

Great Britain intends to loyally interpret this article, and according to the indications furnished by her, will assist France in settling Moroccan affairs. Therefore, if the conference takes place Great Britain will partake therein with the proviso that the scope of the controversy must first be clearly defined.

The Berlin View of It.

Berlin, June 19.—The expression through a semi-official newspaper of Paris that Great Britain does not support France steadfastly in the Morocco dispute pleases German observers, because that is precisely the view upon which the German foreign office presses France to participate in the international conference. Germany maintains that Great Britain offers no serious objection and has informed Germany that she will participate in the conference if France does. Opinion here today is that German diplomacy has inserted a wedge between France and Great Britain and destroyed the growing friendship between them by putting France in such a position that she made demands on this friendship which Great Britain would not meet.

THE END IN SIGHT

Way Has Been Found, It Is Said, to Settle Chicago Strike.

Chicago, June 19.—It is freely predicted today by both the members of the Employers' association and labor leaders that the teamsters' strike which has been in progress for over two months, will be a thing of the past before the end of the present week.

Efforts are now being made in two different directions to bring about an adjustment of the difficulty. According to one of the officials of the Chicago Federation of Labor the strike will be called off entirely by the strikers themselves. As a step toward this end, it was decided Sunday at an executive meeting of the Chicago Federation of Labor to begin missionary work at once with members of the teamsters' joint council. The plan is to work on these officials and bring a majority of them to favor calling off the strike. When this has been accomplished, these members of the joint council are to advocate such a course to the strikers, and when it is assured that a majority of the strikers have come to the same way of thinking a referendum vote of the strikers will be taken on the question. This official of the Federation of Labor declared that by this means only could the trouble be settled, as he feared the strikers would rather call off the strike than accept the terms of settlement proposed by the employers' association.

Several important witnesses appeared before the grand jury today to tell what they know of the bribery charges in connection with the labor troubles in Chicago. State's Attorney Healy said that although the evidence submitted to the jury last week had been of great importance, the testimony to be given this week would be of even more sensational character, and that before the adjournment of the inquisitorial body a number of indictments against both employers and labor leaders would be returned.

Illinois Town Wiped Out.

Forty buildings, including the entire business section, were burned. Fire departments from Marion and Herrin finally assisted in extinguishing the flames. The loss is estimated at \$200,000.
